

**A SCHOOL SET ON A HILL**

**A place where God and His Word are talked about  
Where children are loved and wanted  
A school that has set tremendous goals  
For academics and godly behavior**

**Teachers that are so dedicated  
That school consumes their daily lives  
Where prayers for each other are sweet savor  
This uniqueness sets you apart from all others**

**Never lose that vision, that focus  
Never copy another school  
Dare to be different  
And God will glorify your efforts!**

**I have enjoyed the last 4 years. Now I must retire and wish all of you great success with your students using A Beka and look forward to hearing even greater things for Odessa Christian School in the future!**
